ATLANTIC COAST STORM SWEPT

Terrible Stories of Disaster and Loss of Life Saturday

SEVENTY-FIVE DROWN

Wind Blows 70 Miles an Hour—Wires Kill Three Men in Richmond and One in Portsmouth.

New York, April 5.—Seventy-five more lives and property worth millions of dollars was the toil of a severe storm which swept the Atlantic coast Saturday and Sunday, according to belated reports today.

A score of vessels are known to have sunk, and reports of many more missing were anxiously awaited today.

Norfolk Va.. April 5—The wind blew at a velocity of seventy five miles an hour at Virginia Beach Saturday, and it played havoc with things. All blinds on the houses at the Beach that were not closed and window lights were smashed.

At one house the wind not only blew the blinds off their hinges, but smashed in the front windows and sent the sand and rain in the front part of the house tearing the paper off the walls like it had been torn off by the hand. Pictures were blown down, carpets were ruined and the floors badly drenched.

The sea was very heavy, and the surf yesterday morning was about twenty five feet high.

With the telephone communication between Norfolk and Cape Henry restored it is learned from the Cape Henry weather bureau that the storm of Saturday night was one of the worst in years. Weather Forecaster Newsome said the wind blew at seventy five miles an hour and that the sea was as heavy and as angry as he had ever seen it.

It was reported that Mrs. Tebault's cottage at Cape Henry had been blown from its foundation.

Norfolk, Va., April 5—Fifteen men lost their lives when the tug Edward Luckenbach went down off False Cape yesterday afternoon. Thirty five others are believed to have gone down with the Royal Dutch West Indies Company's steamer Prinz Mauritz, a few miles off Cape Henry. Scores of other lives are believed to have been lost all along the coast, as a number of schooners are ashore and the Atlantic virtually is covered with wreckage from the Virginia Capes to Cape Hatteras.

The Luckenbach, with the barges West Point and Josephus in tow, was driven ashore Saturday during the gale which swept this coast for 24 hours. The tug went down in 15 minutes. Harry Olsen of New York first mate, and Cicero Goodwin, second mate, were the only members of the crew of 17 who were saved.

Olsen was washed ashore along with the bodies of six of his shipmates. He was unconscious, but was revived by lifesavers.

Lewes, Del. April 5—Saturday's coast storm claimed 10 victims in the vicinity of the Delaware Capes. They were the crews of the Consolidation Coal Company's barges Nos. 6 and 9, bound from Baltimore for Boston with coal and were drowned when their crafts foundered near Cape Henlopen and went to pieces in the gale.

The barges, which were in tow of the tug Cumberland, broke adrift early in the day. Despite heroic efforts in the face of a blinding snowstorm and a 60 mile gale, the Cumberland's crew were unable to get another line to barges, which drifted helplessly for some time finally going aground. For hours the tug stood by but because of the fury of the sea found it impossible to render any assistance. About noon the barges broke to pieces and sank with all hands aboard. The bodies of Captain Johnson, Baltimore; Karl Jarsen, a Swedish subject, and Dempsey Jarvis, also of Baltimore, washed ashore late in the day and were recovered by coast guards.

The wind during the storm averaged 60 miles an hour at the Breakwater, and at one time attained a velocity of more than 70 miles. Coast guards and life savers from the Lewes and Rehoboth stations made repeated efforts to launch a lifeboat when the plight of the barges was discovered, but they found it impossible to get through the boiling surf.

Charleston, S. C., April 5—The Clyde Line steamer Lenane brought into port here yesterday Captain Murphy and the six members of the crew of the American schooner Alice Murphy, rescued Saturday in a violent storm near the Diamond Shoals lighthouse off the North Carolina coast. When the Lenape sighted the water logged Murphy, captain and crew were lashed to the mizzenmast and had been without food for 36 hours.

That the schooner M. D. Cressey, probably loaded with lumber or railroad ties, was wrecked between Gurfport and New York, is the inference drawn from a radiogram.

NEWS OF THE DAY

The Bulgarian irregulars who were driven back from the Serbian border later descended upon the Greek town of Doiran (about 35 miles north of Saloniki), and Greece is rushing important reinforcements thither and to other frontier points, prepared for any eventualities. Another band of 200 Bulgarian irregular troops, who tried to cross the Greek frontier, was dispersed with the aid of a machine gun, and left numerous dead or wounded on the field.

President Yuan Shi Kai, of China, is quoted as saying that the government of the United States had assured him the war could not affect the integrity of the Chinese nation. President Yuan said this friendly and most unselfish assurance, coming as it did at a time when the European parties to the guarantee of China's nationhood were engaged in a great conflict, and coming also unsilicited, was a source of new and deep gratitude on the part of the Chinese government and people.

A Lloyd dispach from Penzance (Cornwall, England,) says the steamship City of Bremen, from Dublin, sank twenty miles off Wolf yesterday morning. The captain and twelve men were rescued and four were drowned.

Great numbers of Germans and Austrians are daily leaving Italy. All trains north bound are overloaded and bookings are placed for days in advance. Three thousand already have left Rome.

Brooding over the loss of his right hand and despondent over domestic trouble, John J. Miller, 42 years old, formerly of Cambridge, Md., shot and instantly killed his wife, Mrs. Louisa E. Miller, 35 years old, and then fired a bullet into his left temple shortly after 7 o'clock last night, in Baltimore. Miller was taken to University Hospital and the surgeons said he had but a slim chance to recover.

BULLET IN HIS ABDOMEN.

Self-inflicted Wound Likely to Cause Man's Death.

Harrisonburg, Va., April 5—With the chances against his recovery, Jacob Stroop, Jr., a young single man of Singers Glen, is lying at the point of death in the Rockingham Memorial Hospital, in Harrisonburg with a bullet wound in his abdomen. Stroops had been in bad health for a long time, and on Friday afternoon the report of a rifle shot was heard from his room. He told those who rushed to his assistance that it was an accident.

He was driven in a vehicle 12 miles across the country to Harrisonburg, where an operation was performed. The bullet perforated his intestines 12 times, lodging in the small of his back. If he recovers it will be a miracle.

PRINCE EITEL IS AT NEWPORT NEWS

No Attempt Made by Converted Cruiser to Escape in Storm.

TIME LIMIT UP TODAY

General Belief That Raider Has no Intention of Leaving Harbor But Will Be Interned.

Newport News, Va., April 5.—At 1 o'clock this morning the Prinz Eitel Friedrich was still at her pier, and there appeared to be nothing to indicate that she intended making an attempt to make a dash to sea any time soon.

Norfolk, Va., April 5,—From sources which are considered absolutely reliable, it is learned that the German sea raider, the cruiser Prinz Eitel Friedrich, must leave Newport News between noon today and noon Tuesday or intern.

Instructions were sent out, so it is said, to the port collectors of Norfolk, Newport News and Baltimore notifying them that no ship flying the flag of a nation at war with Germany is to be allowed to clear until further orders or until Tuesday noon. It is believed here that the Eitel will intern today.

United States naval forces still patrol the port, guarding the Prinz Eitel aided by coast artillerymen from Fort Monroe.

Late yesterday the battleship Alabama, which had been anchored off Old Point Comfort guarding the channel to the sea, moved farther in and anchored at the point where the Elizabeth River to Norfolk and the James River to Newport News flow into the roads. Nearer the shipyard, where the Eitel is moored, were the naval tug Sonoma and submarine boat D-2 while the naval tug Patuxent remained docked at the cruiser's stern.

The belief is that the internment will be officially announced at 3 a. m. Wednesday, at which hour the Eitel will have been in American waters four weeks.

STORM DAMAGES CANAL.

Hundreds of Feet of East Breakwater Blown Out at Colon.

Panama, April 5.—A northeaster visited Colon Saturday night, doing much damage to the west breakwater, which was completed last year at a cost of $4,000,000. Hundreds of feet of the east breakwater, which had suffered to the extent of nearly $500,000 damage in a recent storm, were blown out.

The wind blew at the rate of 60 miles an hour, and for a time it was feared that the nonmagnetic survey yacht Carnegie, owned by the Carnegie Institute, at Washington, would blow ashore. Other vessels, however, went to the assistance of the Carnegie, and she was able safely to ride out the gale.

NEGRO KILLS POLICE CHIEF.

Lynching And Race War Feared at Ronceverte, W. Va.

Lewisburg, W. Va., April 5.—Geo. J. Shires, Chief of Police of Ronceverte, W. Va., was shot and killed Saturday by John Stuart, a negro.

Stuart had been peddling whisky from Covington, just across the Virginia line to Ronceverte, and Chief Shires arrested him. Stuart apparently submitted to arrest peaceably but caught the Chief unawares and slipped his pistol out and shot him five times. The negro escaped, but is surrounded in the woods north of the town.

ANNUAL MEETING

The annual meeting of the Stockholders of the Washington Sanitary Improvement Company will be held at the office of James R. Caton, Esq. No. 111 South Fairfax Street, Alexandria, Va., on Tuesday, April 6th, 1915, at 2 p. m.

GEO. M. KOBER, Secretary.

ATTEMPTS SUICIDE.

Swallows Bichloride of Mercury Because She Had no Easter Hat.

"Papa, will you get me a new hat for Easter?" Hazel Nauss, 16, and pretty, asked her father, Harry Nauss, at 1328 Eleventh street, southeast Washington, last week.

"No, Hazel, we can't afford it," was the father's reply. Mr. Nauss was a machinist at the Washington Steel and Ordniance Company's plant at Giesboro Point until several months ago, when he was laid off.

Miss Nauss was sad when she read that Sunday would be an ideal day for the annual Easter parade. Yesterday she walked out about the city with her friend, Elenora Branner, 14 years old, of 114 Q street northwest. They were on Connecticut avenue and in Dupont Circle at an early hour in the afternoon to see the fashionable gowned in Easter styles.

After a while they started for Washington Monument and Potomac Park. At Fifteenth and D streets, opposite Emergency Hospital, Miss Nauss dropped behind her friend and drew a package from her pocket.

Miss Branner heard her gasp, saw a bottle slip from her fingers, picked it up and read the label, "Bichloride of mercury." Miss Branner seized her friend by the arm and rushed her into the hospital.

The girl had swallowed five grains of the poison, physicians said, but she owes her life, although her condition is serious, to the fact that she was near the hospital and received immediate attention. Dr. H. G. Neblett was in charge of the hospital at the time.

MORE SEA DISASTERS.

Steamers Strike Mines—Number of Persons are Drowned.

London, April 5—The steamer City of Bremen, of Dublin has been sunk by a German submarine off Wolf Rock, in the English Channel, about fifteen miles south of Lands End, Cornwall. Four members of the crew of the steamer were drowned. Twelve survivors have arrived in Penzance.

A Reuter dispatch from Stockholm says the German steamer Grete Hemsoth has struck a mine in the Baltic and sunk and that 25 members of her crew were drowned.

A dispatch from Walmo, Sweden, says Reuter's Copenhagen correspondent asserts that two other German coasting steamers struck floating mines and sunk in the Baltic Sea, in immediate proximity to the route between Trelleborg and Sassnitz, with which point traffic has been temporarily suspended. The crews of the steamers were saved. Some of the men have ben landed at Sassnitz.

The Grete Memsoth was a vessel of 1,554 tons. She was engaged in traffic between Sweden and Germany.

Available records do not contain the name of the City of Bremen of Dublin.

Berlin, April 5—The Overseas News Bureau today gave out the following:

"Replying to the suggestion in London that all British merchant vessels passing through the English Channel be armed with machine guns, the German press declares that this merely proves that German subamrines must not give any regard to these naval franc tireurs."

London, April 5. The sinking of the Turkish armored cruiser Medjidieh is reported from Petrograd to Reuter's Telegram Company. A semiofficial communication from Seoastopol to Petrograd says that the Medjidieh struck a mine near the Russian coast last night and went down.

Paris, April 5—Thirty five members of the crew were drowned by the destruction of the unidentified Austrian steamer, which blew up in the Danube on the night of March 30, after striking a mine near Rito pek, according to a dispatch from Nish.

The character of the wreckage has given rise to the belief that the steamer was especially armor plated and loaded with a large quanity of munitions and artillery supplies destined for Turkey.

GENERAL BALKAN CLASH EXPECTED

Bulgaria Practically on War Footing and Ready for Ring

SITUATION SERIOUS

Germany Said to be Working to Thwart Alliance—Greece and Roumania Will Intervene.

London, April 5.—Latest reports from the Balkans indicate that a general clash is much nearer than generally believed.

Bulgaria is practically on a war footing and the general hatred felt towards Serbia and Greece throughout that country is becoming rapidly intensified, according to dispatches from Sofia. It is the impression here that unless some unexpected event occurs Bulgaria will soon be up in arms and fighting for Germany.

The general aspect of the Balkan situation has changed speedily. Early dispatches from Rome said the Bulgarian attack upon guardsmen along the Serbian border was considered as a mere frontier incident, sufficiently serious in itself, but unlikely to lead to an open breach between the two countries.

This attack, acording to information from Rome, is generally known to have been instigated by Germany with the hope of bringing on war between Serbia and Bulgaria and thus making a complete Balkan alliance impossible.

In view of the fact, however, that Greece and Roumania are determined to intervene in behalf of Serbia, Bulgaria, said the early reports from Rome, would naturally be loth to commit any hostile act toward Serbia and thus incur the enmity of Serbia's allies. This seemed especially to be the case, because war with Serbia would leave Bulgaria in complete isolation, there being no possibility of help from Austria or Germany.

The impression was general at first that the Bulgarian attack on Serbian frontier guards had been in some way glossed over by the diplomats of the two countries and that all chances of complications arising out of it were averted. The Italian newspapers said the dispatches had concluded that the affair would simply hasten the reformation of the Balkan League and thus would frustrate the intrigues of Austria and Germany against the rehabilitation of the league.

Later dispatches from Sofia, however, and other points in the Balkans said flatly that the situation was viewed with the greatest alarm and that all indications pointed unmistakably to the fact that decisive events are impending.

BURNING OF A HOTEL

Several Persons Believed to Have Perished

Toledo, O., April 5.—Several persons are believed to have been burned to death and five seriously injured in a fire which destroyed the Niagara Hotel here yesterday. One body so far, Mrs. J. L. Frye, of Adrian, Michigan, has been recovered. The body was found by firemen lying on the floor in a room on the second floor. The woman had wrapped a towel around her mouth in a vain effort to save her life. A pair of pants and shoes were also found in the room. Coroner Henzler believes they belonged to the woman's husband. His body, however, has not yet been located.

VILLA'S CAMPAIGN AGAINST CARRANZA

Northern Chieftain Receives Serious Setback From Mutiny

ORDERS DISOBEYED

General Chao Leader at Tampico Disregards Command to Withdraw and Plans New Assault

Washington, April, 5—Villa's "three-point" campaign against the Carranza forces at Tampico, Matamoras, and Neuvo Laredo, in an effort to wrest northeast Mexico from the first chief, has reached a serious setback at Tampico, according to reports reaching Washington today.

Dispatches indicate that Gen. Manuel Chao, leader of the Villista forces in Saturday's unsuccessful assault on the oil port, is disregarding orders from Villa and gathering his scattered army, re-enforced by 3,000 men for a fresh assault on the forces of the "first chief."

Official Washington believes that Carranza is making the most stubborn resistance of his entire military career, in his effort to prove to this administration that Villa is not the real "strong man" of Mexico.

Little doubt is expressed here that Villa's campaign, which was expected to overwhelm Carranza in northeastern Mexico has not been altogether favorable.

POSTOFFICES ROBBED

Two Suscets Are Under Arrest at Harrisonburg, Va.

Harrisonburg, Va., April 5—Two men suspected of having robbed the postoffice at Basic City two weeks ago have been landed in the Harrisonburg jail by local officers acting at the instance of Postoffice Inspector Armstrong, of Charlottesville, who is investigating a series or robberies which have occurred at recent points in the Valley within recent months.

One of the men, Michael Nolan, about 55 years old, carries a pensioner's certificate from the United States government, and he says that he was injured by the explosion of a shell on board the battleship Indiana in 1898, just at the outbreak of the Spanish-American War. He is a cripple and says that he has been in Richmond for about 17 years. Upon entering a separate cell here he warned his companion not to talk. The companion calls himself Billy McBryde. He is about 21 years old.

Yeggmen have been in the habit of camping out around a village, whose postoffice is booked for robbery. Safes are then removed from the office and blown open in the open air. The camping party then disappears.

FARM PURCHASED.

The tract of land in Fairfax county, four miles below Alexandria, known as the Snowden farm, at present leased by the Collingwood Club, has been purchased by Clayton E. Emig, of Washington. The track contains 156 acres and lies between the Washington-Virginia Railway and the Potomac River Mr. Emig will cultivate a portion of the farm and sub-divide the balance which will be sold for villa sites.

WILL ELECTRIFY BRANCH

Washington And Old Dominion Co. to Extend Wires From Bluemont Junction to Alexandria.

Work has been commenced by the Washington and Old Dominion Railroad, formerly the Bluemont branch of the line extending from Alexandria junction to the city of Alexandria, a distance of 7.2 miles, When the road was opened for traffic by the new company two years ago the main line from Washington to Bluemont was operated by electricity but the Alexandria branch continued to be operated by steam, the Washington and Old Dominion Company leasing engines and cars from the Southern Railway.

The service to and from Alexandria, caused by delays in making connection and transferring passengers at Alexandria Junction, has been very unsatisfactory and a number of complaints have been filed with the State Corporation Commission at Richmond by shippers and commuters. With the electrification of the entire system, it is said, the service will be greatly improved.

It is expected that the work will be completed by the end of summer when all steam service on passenger trains will be discontinued and there will be a revision of the schedules. A contract for a large portion of the work has been let to W. A. Smethurst, of Washington.

CONCERT AND DANCE.

Auto to be Awarded by Eagles at 9:30 Tonight.

Fair weather today and tonight and the day will go down in the history of the Fraternal Order of Eagles as amon gthe greatest in their social life. Great preparations are today being made by the members. and their friends. The Opera House and Elks' Hall are being gaily decorated and the arrangements of lights and artificial effects for the famous snow dance are being placed by the well known Washington decorator, W. F. WHITE EASTER SUNDAY

Immaculate Carpeting, However, Soon Vanishes Under Sunbeams of Spring.

The blizzard which struck this city and neighborhood last Friday night and which was followed by snow and high winds Saturday sent depression into the souls of all who had been anticipating spring weather yesterday. The Weather Bureau however, announced that there would be clear skies yesterday with snow upon the ground. This forecast was fulfilled. Early risers were greeted with clear weather and a stiff northwesterly wind. As the sun rose most of the snow disappeared, and only in shady places were there any evidences of Saturday's wintry weather.

When the church bells began to send forth their peals early spring conditions were in evidence, and the streets were thronged with people wending their ways to their respective places of worship. All the churches celebrated Easter in one way or another. Music appropriate to the occasion was rendered and sermons on the resurrection delivered.

A large percentage of the population of the city appeared on the streets in the afternoon. While there were strictly speaking no Easter parades, males and females moved in platoons and bevies, and there was joy in the air.

The wind and sun had dried the earth sufficiently to render pedestrianism enjoyable, and, as is generally the case, on bright Sundays, throngs visited "West Alexandria" that is the newly-annexed territory.

The service in most of the churches at night were continuations of those in the morning.

Easter Monday has been observed mostly by the younger generation The schools have been closed, but the custom of rolling eggs on the occasion has not been generally observed. Many however, indulged in other recreations.

ACCIDENTALLY SHOT.

Farmer of Fairfax County Brought to Alexandria Hospital Suffering From Bullet in Stomach.

Charles L. Dove, a well known farmer of Fairfax county, residing at Accotink, ten miles below Alexandria, was brought to the Alexandria Hospital at 9:30 o'clock this morning with a bullet hole in his stomach. An operation was performed by Dr. S. B. Moore and Mr. Dove's condition is regarded as favorable. The shooting tink this morning at 8 o'clock. Mr. Dove was at the postoffice at Accotink h stimorning at 8 o'clock when Harvey Nash, a negro, who resides near Accotink, asked him if he could repair the hair spring of his revolver. On receiving an answer in the affirmative, Nash drew his pistol from his pocket and in doing so the gun was discharged. The negro threw the weapon down and made his escape.

MANY OPPOSE REUNION.

The suggestion of Lieutenant George C. Round, of Manassas, and of other individuals and Confederate and G. A. R. camps and posts that a reunion of the Blue and Gray be held at Appomattox on April 9, the fiftieth anniversary of the surrender of the Army of Northern Virginia under General Robert E. Lee, continues to meet with opposition throughout the State.

The Confederate Memorial Literary Society of Richmond and other Confederate organizations have already registered their opposition to the movement and the roposed seems now to have died aborning. The latest to decline to lend aid to the fruition of the idea is Lieutenant Governor of Virginia J. Taylor Ellyson, whose opinion was asked by Lieutenant Round.

A suggestion made two years ago that a reunion of the G. A. R. and the Confederate veterans be held in Richmond on the occosion of the dedication of the Confederate Memorial building, known as Battle Abbey, was strenuously opposed and the idea finally abandoned. Opposition was on the ground that the people of the South, while having accepted the abitrament of the sword and now loyal to the United States Government, had no desire to celebrate their own defeat.

Similar reasons are assigned for opposition to the proposal of Lieutenant Round, a Union veteran. As Mr. Ellyson writes the kindly sentiments of the Union soldiers who desire the reunion are understood and appreciated, but Confederate veterans feel that the celebration, as they think it would really be, would be inappropriate and that it would be impossible for them to enter into its spirit. This is the view held by those who have talked on the subject.

ATLANTIC COAST STORM-SWEPT.

The wintry storm which set in last Friday night and continued with such fury in this city and vicinity Saturday was especially severe on the Atlantic coast. A number of lives have been lost and great damage caused in various places on the seaboard. The wind at the Virginia capes attained a fearful velocity, while it blew at the rate of sixty miles an hour at Norfolk and vicinity. The streets were flooded and people were compelled to move about in boats in the heart of the city. Many houses were damaged in Norfolk, Portsmouth and other nearby places. While the storm was at its height a lineman was killed in Portsmouth by a live wire. Three men were killed in Richmond as well as several horses from similar causes. Windows were shattered by the wind, and houses unroofed in Norfolk, Portsmouth, and other nearby places. A number of marine disasters are reported.

ADVENT OF THE GODDESS OF SPRING.

Easter, spelled in different ways by the nations of the earth, has from time immemorial been hailed as the goddess of spring. Our Anglo-Saxons progenitors, with other ancients, personified the awakening of nature, and the spring goddess was greeted with great rejoicing after the severe months were about to pass away. Among the Greeks winter was personified in Niobe, who was represented as being the mother of four children. The god Apollo kills them one by one with his arrows while the mother is transformed into a statue which weeps for her young. This allegory represents the sunbeams (Apollo's arrows) eliminating all traces of bleak winter, while the tears of the bereaved mother are emblematic of the spring thaws.

Niobe's children were ready to make violent resistance to Apollo during the past forty-eight hours. Their sacrifice, however, has been but delayed and their fate is inevitable. The mellow sunshine will soon drive Niobe's offspring into her arms, but the arrows of Apollo will find them there and the mother's tears will be of no avail.

OFFICIAL

An ordinance to amend and re-enact Sections 1 and 2 of an ordinance approved September, 1896 entitled "An ordinance to amend and re-enact Sections, 1 and 2 of chapter 18 of the corporation code under the title of lumber."

Be it ordained by the City Council of Alexandria, That Sections 1 and 2 of Chapter 18 of the Corporation Code under the title of lumber, be amended and re-enacted so as to read as follows:

Sec. 1. That no person, persons, firm, firms, or corporations who shall import into the City of Alexandria, for sale any lumber, timbers, boards, plank, or scantling shall sell or deliver the same, or any part thereof, without having the same first inspected and measured by the public sworn inspector of lumber under the penalty of one dollar and fifty cents for every five hundred feet sold and delivered contrary to the provisions of this section, and in the same proportion for any greater or less quantity.

Sec. 2. That it shall be the duty of the inspecteor of lumber to attend at all reasonable times when required for the purpose of inspecting and measuring lumber and he shall mark all boards, plank, and scantling with a marking iron in strong and legible marks according to the quality and true number of feet contained in each piece making such allowance for decayed or split lumber as to him shall seem reasonable and in case the seller or purchaser shall object to the same two disinterested persons shall be called in, one by each party, who may call in a third person as umpire, and the decision of the majority so selected shall be final and binding on all parties. That all unsound, wormeaten, or irregular sawed boards, plank or scantling and all wind shaken boards or planks, shall be deemed of inferior quality and shall be condemned and marked with a round O with a ross thereon and the rotten part shall not be included in the measurement, and all clear boards or plank shall be marked with the letter C. All planks, boards, or scantling not exceeding eight inches square that are sound shall be measured by the rate of board measure, except boards under three fourths of an inch, which latter shall be measured on the surface and marked and shall be deemed merchantable, and all merchantable lumber shall be marked by the said inspector according to its classification, in legible character. That the said inspector of lumber shall be entitled to a fee for his service at the rate of twenty cents for every thousand feet of lumber, timber, boards, plank or scantling measured by him, to be paid by the seller, and a further fee at the rate of ten cents for every thousand feet of lumber, timber, boards, plank, or scantling inspected by him, as aforesaid, to be paid by the purchaser; rovided however that the rovisions of this and the preceding section shall not apply in cases where lumber, timber, boards, plank, or scantling have been previously measured and inspected and when evidence of such measurements and inspections shall appear or be exhibited by certificate of a qualified inspector of lumber.

Sec. 3. This ordinance shall be in force from and after its passage.

Lime-Loss in Tuberculosis

In the Journal of the American Medical Association (January 17, 1914) was the following:

"It has been many times stated that in tuberculosis or in the pre-tuberculosis stage an increased amount of calcium (lime) is lost, both in the urine and feces. In fact, a decalcification has been thought to be a forerunner of the development of tuberculosis. * * *

"Forced feeding of tuberculosis patients and the enormous amount of eggs and milk once given such patients are not now considered advisable by a large number of physicians who are specializing in the treatment of pulmonary tuberculosis."

If tuberculosis is due to a loss of lime from the system, the success of Eckman's Alterative in the treatment of this disease may be due, in part, to the fact that it contains a lime salt so combined with other valuable ingredients as to be easily assimilated.

Always we have urged users of Eckman's Alterative to attend strictly to matters of food.

In addition to rest and proper diet, some effective remedial agent seems to be needed, and in numerous cases of apparent recovery from tuberculosis and kindred throat and bronchial affections Eckman's Alterative has supplied this need.

It does not contain opiates, narcotics or habit-forming drugs, so it is safe to try. Your druggist has it or will order it, or you can get it from us direct.

THUGS TAKE HIS $1000

And Baker Says He's Glad Wife Didn't Get It.

Newark, N. J., April 5.—When four masked men gathered $1000 in real money from the pockets of Joseph DiGanel, manager of a bakery at No. 918 Berger street, early Thursday morning he chuckled and said: "Well, my wife didn't get it."

DiGanel was busy at the bakery after the men under him had gone for the day, when there came a rap on the door. He paid no attention to the rap, and it was repeated with a call of "Joe". He opened the door and the masked men rushed in. One rapped him on the head with the butt of his revolver. A coat was then tied about his head and his clothing searched and the $1000 in cash was lifted. They then ran out and DeGanel managed to get the coat off his head and give an alarm, but the men disappeared.

When questioned by the police as to why he had such a sum of money on his person, DiGanel explained that he was under bonds to support his wife and was afraid to put the money in a bank lest she learn he had it and try to get a portion. The only satisfaction he seemed to get was that his wife would not get any of it now.

STRANGER KILLED.

Man, Believed to be Thomas Smith, of Prince George, is Run Over by Train.

Petersburg, Va., April 5.—A stranger, supposed from papers found in his pockets to be Thomas Smith, of Prince George County, was run over by an engine in the Norfolk and Western yards in this city Friday night, and was so badly injured that he died in the hospital within an hour. Both legs and an arm were crushed, and other injuries sustained. His condition from the shock was such that he was unable to tell anything about himself. He was apparently between 50 and 60 years of age. It is supposed that he was sitting on the track when struck by the engine. He had been advised not to go into the yard. In his pocket was found an envelope addressed to "Thomas Smith, Edlow, Prince George county," and in it was a postal card, dated Philadelphia, March 26, written by his niece, who signed her name as "Bertha." The card contained family news and a greeting for a happy Easter. There was also another card from a Richmond dealer, giving quotations for shad.

SLAYER ARRESTED.

Cumberland Man Accused of Killing Brother-in-Law.

Cumberland, Md., April 5.—Dallas Murray, accused of killing his brother-in-law, William Swarner, here Wednesday night, was arrested yesterday afternoon at Garrett, Pa., and brought to this city. He admitted striking the blow that, it is said, caused Swarner's death.

The coroner's jury last night held Murray for the crime after examining several witnesses, principally Mrs Swarner, wife of the dead man and sister of Murray. She testified that they had separated and Swarner came to the Murray home, where she was staying, and upon her refusal to allow him to remain with her overnight he cursed and struck her. Her brother, outraged by his action, struck Swarner with a beer bottle, dealing the blow from behind. Swarner fell dead.

Swarner had followed his wife down stairs, where Dallas Murray, who had just come in, was seated. Swarner was in his night clothes when the officers arrived. He was seated in a chair dead, although the wife was endeavoring to revive him.

JUSTICE IS CHEATED.

Winchester, Va., April 5.—Instead of being cornered and taken by armed force, James Dick, Jr., who was hunted for two weeks or more by the authorities of Berkeley County, W. Va., and Frederick County, Va., charged with making a felonious attack upon Mrs. William Lamp, of the Glengary section of the former county, for whose husband he had done farm work for a long time, was found dead in a clump of bushes fifty yards from a road between the home of the Lamps and that of his parents in the same vicinity. The discovery was made by a searching party headed by Dick's father. Two bullet holes from a rifle had entered near the heart. The authorities believe Dick, struck by remorse or fear of mob violence because of dire threats made by infuriated citizens, shot himself twice and then lay down and died.

NEAR DEATH BY SMOTHERING

But Husband, With Aid of Cardui, Effects Her Deliverance.

Draper, N C.—Mrs. Helen Dalton, of this place, says: "I suffered for years, with pains in my left side, and would often almost smother to death.

Medicines patched me up for awhile but then I would get worse again. Finally, my husband decided he wanted me to try Cardui, the woman's tonic, so he bought me a bottle and I began using it. It did me more good than all the medicines I had taken.

I have induced many of my friends to try Cardui, and they all say they have been benefited by its use. There never has been, and never will be, a medicine to compare with Cardui. I believe it is a good medicine for all womanly troubles."

For over 50 years, Cardui has been relieving woman's sufferings and building weak women up to health and strength.

If you are a woman, give it a fair trial. It should surely help you, as it has a million others.

Get a bottle of Cardui *to-day*.

Our Motto is to Please

There's an old proverb:
"Halving your wants quadruples your wealth"
Over almost everything except our virtues, there might be written this condemnation: "Too much." As late as the Eighteenth Century the general lot was crude and mean. Your rich grandfather suffered discomforts compared with which your surroundings are luxurious!" —Herbert Kaufman
